Commercial Rules

Grass Clippings – Rules and Regulations

- DEP permit allows the First Regional Compost Authority (FRCA) to accept grass and/or use it at the site.
- Please see our current [fee schedule](#) for current rates.
- All grass clippings need to be dropped off free of any bag, container, or foreign debris.
- All containers need to be removed from the site by the person(s) dropping off.
- Limitations of the quantity of grass delivered to the site may be imposed at any time and without notice at the site attendant's discretion regarding concerns of the legitimacy of the source of contamination of the delivered material.
- **FRCA reserves the right to refuse any material, including grass clipping drop off based on the condition of the material, the inability to transport the material, or the Processing Center is at capacity.**

Thank you for using FRCA!
